« *L'engagement ethnographique: formation, transformation, déformation* »

The **OCE research Center** is pleased to invite you to celebrate its **15<sup>th</sup> anniversary** on **May, 15<sup>th</sup> 2020 @emlyon Business School** (Av. Guy de Collongue, Ecully).

What does it mean to be an *engaged* ethnographer? Engaged in what, for what, for whom? To accomplish what? These are some of the complex questions that OCE researchers have addressed (willingly or unwillingly...) in the course of their work over the past 15 years. These issues will be shared and discussed in an informal *and* problematic way: (1) from a **roundtable** where OCE members (past and present) will come to explain their ethnographic itinerary, and (2) through a material, virtual, filmed, drawn, photographed **exhibition** of certain “ethnographic traces” of our work!

The seminar will be concluded by a complimentary cocktail. The participation to this event is free of charge. However, participants are expected to cover their travel and accommodation expenses.

The **registration form** must be sent **before February 15th** to [sanson@em-lyon.com](mailto:sanson@em-lyon.com)
